

STEP 3: PROMOTE YOUR BUSINESS

- TASK 1 – SAVE MONEY

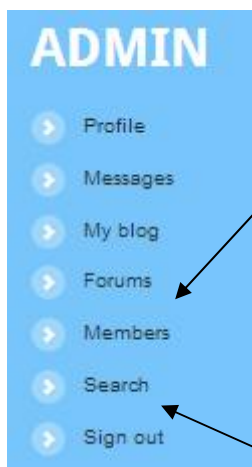

As a member of The Millionaires Network all we ask is that if you need to purchase products or services, use your network first. If every member does this, then it is easy to see how each member can benefit just by doing business with people who want to do business with them.

Therefore, everyone is helping each other just by using each other's products or services.

If a member does not supply what you need, then purchase from outside your network. However, when a member does become available who can provide what you need, all we ask is that you give them an opportunity to learn about what you do and how you can help each other.

As an incentive for members to use each other's products or services, every member can offer a discount. This discount is for members only and is not available to the general public.

1. Select MEMBERS from the menu.

2. Alternatively, you can Select SEARCH.

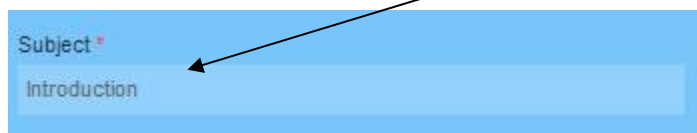

3. Select members that you can contact that will save you money by using their services. Select their picture to view their FULL PROFILE.
4. Next, select the CONTACT option. This will allow you to send them a PRIVATE MESSAGE. Sending a member a message this way will ensure that your message gets through and is not picked up as SPAM.
